Kennisgeving Besluit genetisch gemodificeerde organismen milieubeheer

**Ontwerpbeschikking op de vergunningaanvraag van
Naturalis Biodiversity Center te Leiden voor tentoon-
stelling van genetisch gemodificeerde organismen in
een gesloten systeem**

Vergunningaanvraag Naturalis Biodiversity Center

Op 10 juni 2013 heeft het Ministerie van Infrastructuur en Milieu (hierna: IenM) van Naturalis Biodiversity Center te Leiden een vergunningaanvraag op grond van het Besluit genetisch gemodificeerde organismen milieubeheer (hierna: Besluit ggo) ontvangen voor introductie in het milieu van genetisch gemodificeerde organismen.

De aanvraag is geregistreerd met het kenmerk GGO IM-L 13-001.

De aanvraag heeft betrekking op tentoonstelling van genetisch gemodificeerde fluorescerende magnetotactische bacteriën in een gesloten systeem.

De tentoonstelling is voorgenomen plaats te vinden in de gemeente Leiden.

Procedure

Voor de behandeling van bovengenoemde aanvraag zal de uniforme openbare voorbereidingsprocedure worden doorlopen, conform afdeling 3.4 van de Algemene wet bestuursrecht.

Ontwerpbeschikking

Naar aanleiding van de aanvraag is een ontwerpbeschikking opgesteld waarbij met de aanvraag wordt ingestemd.

Inzage aanvraag en ontwerpbeschikking

24 April 2012

Re: Creation of competent strains of *E. coli* (DH5 alpha) at the De Waag.

To whom it may concern,

This declaration is in support of the legality of inducing competence in the DH5-alpha strain of *E. coli* at De Waag. It refers to guidance from the National Institute for Public Health and the Environment (RIVM).

Section 0. Background

Waag is a non-profit, community run space in central Amsterdam. The Do it together Bio workshops and Open Wetlab are do-it-yourself biologists, artists and hobbyist who regularly meet at De Waag for series of public events. The group consists of both professional and amateur biologists.

Section 1. No genetic modification.

No regulations apply to working with genetically modified organisms. We believe the DH5-alpha will not be genetically modified at any point during the work undertaken. We will contact the Dutch government and committee
